

Hi Gisella

The topic is DoH/DoT: Benefits, Drawbacks and a Way Forward?

My presentation will include what the terms mean, and how the two technologies work, as well as the debates on both the benefits and drawbacks of the technologies.

The relevant links would be to SSAC109 (the SSAC paper on the topic)

<[https://www.icann.org/groups/ssac/documents \[icann.org\]](https://www.icann.org/groups/ssac/documents/icann.org)>

And to Paul Hoffman's latest paper on the topic:

Dear Holly,

The At-Large Community is holding a series of webinars as part of the [At-Large Capacity Building Program – 2020](#) on various topics identified by the At-Large Capacity Building Working Group and presented by the most appropriate persons from the Community and Staff.

As Chair of the At-Large Capacity Building Webinars Team, I would like to invite you to be the guest speaker for the next (5<sup>th</sup>) webinar in this series provisionally scheduled on **Monday 7 September at 21:00 UTC** and addressing the topic: **DNS over HTTPS (DoH) and DNS over TLS (DoT)**.

If you agree on presenting and are available at the above time, It would be most helpful if you could provide us with a brief description of this topic, to be added to the Community Invitation as well as any document(s) and/or links to share ahead of the presentation.

The Duration is planned for 90 minutes with the following draft agenda:

- Introduction by the Capacity Building Working Group Co-Chairs (5min)
- Presentation and Pop Quiz – by Guest Speaker(s) (45min)
- Q & A – All (30min)
- (Webinar) Evaluation Survey – At-Large Staff (5min)
- Conclusion and Next Steps by the Capacity Building Working Group Co-Chairs (5min)

As we are implementing these webinars to be held with some **interactive features**, we would like to ask you to please **send us two to three pop quiz questions** to be asked either during or at the end of the (respective) presentation(s). The question can be a 'test' of any subject or concept you have mentioned during your presentation, and it can have a **multiple choice format** or a **yes/no answer**. Participants will be able to answer the questions using the Zoom features.

This session will be interpreted into Spanish and French.

Could you kindly confirm your availability for this webinar at your earliest convenience.

Thank you.

Kind regards,

Hadia El Miniawi  
Chair, At-Large Capacity Building Webinars Team
