| AFRALO | APRALO | EURALO | LACRALO | NARALO |

African Regional At-Large Organization
Engaging Africa 4D

AFRALO is the home of the individual Internet user community for the African region. It provide[s] resources and interactive information sharing tools for individuals and enduser groups in the A[frica] are interested in ICANN and in shaping the future of the Internet.

AFRALO aims to:
- Strengthen users' participation in ICANN decision-making structures
- Help ensure that its members will actively encourage more direct participation by end us[ers]
- Build Internet policy making capacity in the region
- Reach out to Internet users on the issues in the scope of ICANN
- Represent users' interests and defi ning public interest aspects of Internet governance wi[thin] the areas of **privacy**, **transparency**, and **accountability**
- Strengthen consumer protection in ICANN policies
- Identify social impacts of technical infrastructure design
- Take cultural diversity into account when formulating technical standards (e.g. IDN imple[ment])

AFRALO currently consist of 40 ALSes.

New APRALO Outreach Calendar

This community-initiated, community-managed calendar is used for APRALO members to publicize their activities and involvements related to ICANN in their respective countries. ICANN Global Stakeholder Engagement team is also encouraged to use this calendar to identify events that APRALO ALSes may be interested in participating.
