## Support for Eol for the RZERC seat filled by ccNSO

Dear ccNSO Council,

DENIC is the top level domain registry for DE. We have been a member of the ccNSO since 2009.

DENIC believes that active participation in ICANN's structures is a very good opportunity to strengthen the multistakeholder model and to support the community. Therefore, we would like to express our continued support for the

Eol for the ccNSO assigned seat on RZERC  
submitted by Peter Koch, member of DENIC staff

We understand that there is an estimated time commitment for one meeting per year and email and teleconferences in between, over a term of three years. We also understand that neither ICANN nor the ccNSO will provide travel support and are ready to cover the cost.

Kind regards
