Apologies: Matthew Crossman

Staff: Julie Hedlund, Steve Chan, Julie Bisland

AC Chat:

Julie Bisland: Welcome to the New gTLD Subsequent Procedures Sub Group A call on Thursday, 31 January 2019 at 20:00 UTC

Julie Bisland: Agenda wiki: <https://community.icann.org/x/9oIWBg>

Anne Aikman-Scalese: Hi Julie - is the link to the Google doc posted?

Julie Hedlund: @All: Here is the link: https://urldefense.proofpoint.com/v2/url?u=https-3A_docs.google.com_spreadsheets_d_15zDdzlBwLCz5m2sNXui6N6pporbUq-2DIDFEwf4rKi4A_edit-23gid-3D330918767&d=DwlCaQ&c=FmY1u3PJp6wrcrwl3mSVzgfkbPSS6sJms7xcl4I5cM&r=QiF-05YzARosRvTYd84AB_UYInlydmFcjNmBM5XgySw&m=tdOlzwmPYoBpOfLCRcZITu_umMuGCO3Xzma1tD_Ma2k8&s=fY53yFK5kTNw5OjgKv8suVkoYhEmrBaCceCuQEz7A6E&e=

Anne Aikman-Scalese: Thank you.

Julie Hedlund: It is posted and unsynced

Jim Prendergast: got it

Jim Prendergast: maybe send a clarifying email to CW?

Cheryl Langdon-Orr (@CLO3): line 18/19-26

Anne Aikman-Scalese: OKay, thanks.

Cheryl Langdon-Orr (@CLO3): Line 27/28-35

Steve Chan: @Anne, at least at the moment (and if I'm understanding your question correctly), the RSP pre-approval will leverage the same technical requirements.

Anne Aikman-Scalese: Thanks Steve.

Steve Chan: So to the extent there are changes recommended, the RSP pre-approval would seemingly need to take that into account.

Jim Prendergast: so a full retest if an RSP/RO hits an EBERO threshold?

Donna Austin, Neustar: it's the registry operator rather than the RSP that breaches EBERO, so I think some qualifier would be required.

Jim Prendergast: I think Jeff just summed it up

Jim Prendergast: you can't grandfather a RSP as there is a track record of EBERO threshold violations

Donna Austin, Neustar:Only ICANN would have that information, and again, the problem may not be with the RSP as evidenced by .wed

Katrin Ohlmer:Leemarit

Jim Prendergast:you had it

Jim Prendergast:Le Mar It

Katrin Ohlmer:yes!

Katrin Ohlmer:short version for Legal marketing IT

Steve Chan:FYI, Registry System Testing is Sub Group C, 2.11.1

Jim Prendergast:agree on clarification

Cheryl Langdon-Orr (@CLO3):Line 44/45-50

Anne Aikman-Scalese:There has to be an approval process that applies during the round itself. My guess is that applications that have pre-approved RSPs will go through more quickly and can launch more quickly.

Anne Aikman-Scalese:Right - I am agreeing with that Jeff. Saying you are pre-approved may make it easier to get to delegation

Cheryl Langdon-Orr (@CLO3):Line 51/52-57

Donna Austin, Neustar:@Anne, I agree, it should.

Anne Aikman-Scalese:Agree Donna and it also helps spread out the work that ICANN has to do over a wider period of time.

Cheryl Langdon-Orr (@CLO3):Line 58/59-62

Anne Aikman-Scalese:Maybe there could be pre-approval Phase I for the 5 basic functions and then Phase II for the specific TLD. But that is a substantive comment, not something raised in public comment.

Cheryl Langdon-Orr (@CLO3):Line 63/64-72

Donna Austin, Neustar:Apologies all, I have to drop from the call. Thanks Jeff

Cheryl Langdon-Orr (@CLO3):Line 73/74-78

Cheryl Langdon-Orr (@CLO3):Thanks for joining @Donna

Cheryl Langdon-Orr (@CLO3):Line 79/80-89

Steve Chan:@Jeff, I was coming to the same conclusion upon re-reading

Steve Chan:I think we prob mischaracterized the Neustar one

Cheryl Langdon-Orr (@CLO3):And *finally* for the close off of this Tab :-) Line 90/91-92

Robin Gross (Subgroup A Co-Leader):Great progress today!

Cheryl Langdon-Orr (@CLO3):Next Week start with new Tab 2.3.2 Global Public Interest

Anne Aikman-Scalese:When is the next call?

Steve Chan:And Systems!?

Julie Bisland:Thursday, 07 February 2019 at 15:00 UTC for 60 minutes.

Steve Chan:That's still remaining as well.

Anne Aikman-Scalese:Thank you.

Cheryl Langdon-Orr (@CLO3):Great Progress again today Team Bye for now

Katrin Ohlmer:Thank you!

Martin Sutton:thx all bye

Robin Gross (Subgroup A Co-Leader):thanks, bye!
