Subject: Clean and redline of IOT Interim Supplementary Procedures

Attachments: REDLINE - 31 Oct 2017 to 25 Sept 2018 Updated Interim Supplementary Procedures for Internet Corporation for Assigned Names and Numbers.doc; REDLINE 25 September to 8 May 2018 Versions Interim Supplementary Procedures for Internet Corporation for Assigned Names and Numbers.doc; 25 Sept 2018 UPDATE Draft Interim Supplementary Procedures for ICANN.doc

Hi David -

In furtherance of our conversation on how to remove the "christmas tree" issue from the document, here is an initial proposal of what you could circulate:

1. Clean version of interim procedures
2. Redline from May draft (first draft of interim procedure proposal)
3. Redline from the October 2016 version that was posted for public comment.

Let us know if you think we need different documentation.

Thanks

Sam
