About ISOC-Yemen

❑ ISOC-Yemen is a chapter of the Internet Society (ISOC) based in Sana'a, Yemen. It has been founded in August 2013 and registered as an NGO.

❑ It aims to empower citizens of Yemen to access and benefit from a safe Internet service and address the related technical and policy challenges by: training & capacity building, raising awareness, and different kinds of projects and activities.

❑ It has over 212 members.

❑ It has been accredited as an ALS in 2014.
