

Beyond the Net Funding Programme

The Internet Changes Everything

At the Internet Society, we believe that the Internet has the power to change lives. That's why we've launched the Beyond the Net Funding Programme, giving everyone the chance to make a positive difference and join us in our mission to provide open, secure Internet access for all.

Our Beyond the Net Funding Programme gives Internet Society members the opportunity to contribute at a local or regional level through an Internet Society Chapter. We support bright ideas that work in partnership with local organisations to empower people around the world.

Digirights.info

**Online learning
course on the
GDPR**

Digirights.info & Digioikeudet.info

The project implements an **e-learning course** and raises citizen-awareness on issues concerning personal data usage and the digital rights under the EU General Data Protection Regulation (GDPR) laws and its extensions, like the MyData conceptual framework. Our approach is that of **CITIZENS**, not companies. This is hopefully the first course of many to come at digirights.info.

**PERSONAL
DATA IS
EVERYWHERE**

You have the right

- to obtain information on the processing of your personal data
- of access to your data
- to rectification of your data
- to the erasure of your data and to be forgotten
- to restrict the processing of your data
- to data portability
- to object to the processing of your data
- not to be subject to a decision based solely on automated processing

Making Subject Access Requests (SARs) to learn the process of exercising new rights of the GDPR

- Difficult to find the contact details of Data Protection Officers
 - In some cases, they can't be found, like at Pinterest on 26.5.2018
 - Pinterest has since improved by quite a lot, but I still couldn't find a physical address of their Data Protection Officer (DPO).
- Different procedures for identifying data subjects
 - Varies from portals and secure email to sending a picture of the ID over cleartext email
- A lot of companies seem not to be GDPR compliant
 - Case of seeing ex-wife's recent purchases
 - identifying oneself with no PIN - credit card number was enough

Your options:

You have options in relation to the information that we have about you described below. To exercise these options, please [contact us](#). If you're an EEA user, you can:

- Access the information we hold about you. We'll usually share this with you within 30 days of you asking us for it.
- Have your information corrected or deleted. You can update your information in your settings. If you have problems updating the information or if you would like us to delete it, [contact us](#).
- Object to us processing your information. You can ask us to stop using your information, including when we use your information to send you marketing emails or push notifications. If you opt out of receiving marketing messages from us, we may still send you newsletters and updates about your account, such as when another user comments on one of your Pins. We only send you marketing material if you've agreed to it, but if you'd rather we don't, you can easily [unsubscribe at any time](#).
- Have the information you provided to us sent to another organization, where we hold this information with your

Harassment or privacy ▼

Is someone harassing you *and* posting identifying details about you (for example, your full name or phone number)? Or maybe your image or name is being used without your permission?

Report the Pin(s) where this behavior is taking place and make sure your account reflects your identity so we can tell it's you who is being harassed in the Pin(s). We'll be evaluating not just the Pin(s), but also the board and the Pinner.

Need to provide more information or context? Click **I still need help** and send us:

1. The URL to the Pin, board or account you're reporting
2. For account(s), you can also send the exact username (no spaces or characters)
3. Any info we can use to verify your identity as the person referenced in the Pin, like a Facebook or Twitter profile link

ONE DOES NOT SIMPLY

MAKE A DATA REQUEST

GDPR for citizens @ LifeLearn

1. Install LifeLearn app on Android/iPhone
 2. Open the app. Skip SMS auth and continue as an anonymous user.
 3. After the app has started, you see the generic welcome content.
 4. Open right side drawer (user profile) and choose Create account.
 5. Choose Google (if you want), or a new LifeLearn account (create user name and password)
 6. Click on the invitation link to GDPR path on your mobile, so your account is granted access. <https://digirights.info/invitation-to-lifelearn/>
 7. You may now use the GDPR path on the mobile, or also login at the web site and access the path content there by logging in with the same account (Google or your own LifeLearn account)
- 

NOT A HOSPITAL.
