THIS WEEK: Global Public Interest Framework Webinars

Executive: Sally Costerton, Senior Adviser to President and Senior Vice President, Global Stakeholder Engagement

FOR: All Community Leaders

INFORMATION SHARING

The global public interest is central to many of ICANN's primary governance documents, and the ICANN Board hopes to play a role in facilitating a bottom-up, community-driven process to develop a framework as a toolkit for the ICANN community to consider the global public interest. These considerations would not change the process by which decisions are made but could instead serve as tools for the community to reinforce the commitment to the public interest and to demonstrate how specific recommendations, advice, and public comments are in the global public interest. This includes the ICANN community guiding the ICANN Board about the public interest determination the latter must make in its decisions. To learn more about the framework, please read the [discussion paper \(PDF\)](#) and for more information, visit the [wiki](#).

Two Global Public Interest Framework webinars have been scheduled. The information will be the same in both webinars. Following the webinars, there will be a community consultation to gather community input on the proposed framework. The consultation will run from Wednesday, 18 September 2019 to Friday, 18 October 2019. Community feedback is welcome via email at gpitoolkit@icann.org.
