

ICANN Community Leadership Digest

The ICANN org Policy Development Support team publishes this twice-weekly digest to help ICANN community leaders track requests and updates.

A Blog about Friendship

Göran Marby, President and CEO

We have a Swedish saying for when someone you love passes away: He is missed in me. As you now know, our dear friend Tarek has passed away and he is missed in me. There will be many eulogies written about this remarkable man who touched so many. I think many of us have wonderful memories that we can share about him, and I invite you to share them with us in this blog. I will make sure that his family receives your stories.

When I think about Tarek, I think about a man with a great sense of humor. Whenever we talked, he often ended the conversation by calling me boss. He knew and I knew that when it came to his area of expertise, I was and will forever be his junior. When we were together in Barcelona for a meeting with the Minister of Communication of UAE, the subject matter was a little bit sensitive and it was important that I follow Tarek's instructions. At the end of the meeting, the minister looked at me and said, "You know that Tarek is much better known than ICANN in my region and I would not sit here if it was not for him." He paused, looked at Tarek and said something in Arabic. Afterward I learned that he complimented Tarek for teaching me so well. And he was right - Tarek had the unique ability to bring people together and forget our differences. I think the reason for that was his big heart, and it is the reason while he will always be missed in me.

[Please tell your stories about Tarek.](#)

**In loving memory of
*Tarek Kamel***

ICANN66 Planning

REGISTRATION ENDS TOMORROW: ICANN66 Prep Week

Executive: David Olive, Senior Vice President, Policy Development Support

FOR: All Community Leaders

INFORMATION SHARING

On Monday, ICANN released the schedule for ICANN66 Prep Week, which features a series of seven webinars to prepare the community ahead of its Annual General Meeting in November. [See the schedule and registration information.](#) Register by Friday, 11 October 2019.

DEADLINE TOMORROW: Participate in Newcomers Day at ICANN66

Executive: Sally Costerton, Senior Vice President, Global Stakeholder Engagement

FOR: All Community Leaders

INFORMATION SHARING

The Public Responsibility Support team will be hosting Newcomers Day for ICANN66 on Sunday, 3 November 2019. Newcomers Day will feature two community sessions:

Session 1: Supporting Organization Councils and Advisory Committees

10:00-12:20 (broken up into ten minute slots; e.g. 10:00-10:10, 10:10-10:20, etc.)

Session 2: Stakeholder Groups and Constituencies

13:20-15:00 (broken up into ten minute slots; e.g. 13:20-13:30, 13:30-13:40, etc.)

We would like to invite your community group to designate a representative to attend the relevant session. Your remarks should be focused toward the Newcomers and will be followed by a brief question and answer session. Together, this should not exceed 10 minutes. We will provide standard slides but you are welcome to send us any slides as well. We will share the deck once it is finalized.

By **Friday, 11 October 2019**, please email deborah.escalera@icann.org with your designated representative(s).

DUE ON MONDAY: Preparations for ICANN66 Constituency Day

From: Cherine Chalaby, ICANN Board Chair

FOR: All Community Leaders

ACTION ITEM

Dear Constituency and Stakeholder Group Chairs,

Please reply no later than Monday, 14 October 2019

The Board and I are very much looking forward to engaging with you during our 21st AGM that will take place in Montréal between 2-7 November 2019.

We wish to keep working on improving our interaction with you and, in particular, we want to address some of the requests and feedback we have received and introduce some more flexibility in the format of our valuable face-to-face meetings.

Starting in Montréal, instead of sending up to three questions to the Board, we would like to offer you the alternative option of choosing a single topic and having an open discussion with the Board on that topic.

We are also suggesting that the list of questions or topics received be shared with the entire Community using the Policy digest, in order to increase transparency and allow the groups to improve their own understanding of their peers' point of views on different issues.

As for time allocation, we propose to allocate half of our time together to answer your questions or discuss your single topic and the other half to address the Board's topic.

In preparation for our meetings, the Board chose the following topic to have an open discussion with you:

"Community, Board and ICANN org readiness to implement the following three critical plans that will shape ICANN's future: (1) Strategic Plan FY 21-25, (2) Operating & Financial Plan FY 21-25, and (3) Work Plan to improve the effectiveness of ICANN's multistakeholder model."

The [Strategic Plan](#) has been adopted by the Board last June at ICANN65 in Marrakech. The two other plans will be completed and posted for public comment in December 2019.

At ICANN64 in Kobe, the Board asked each constituency to provide three suggestions, one for the Board, one for ICANN org and one for the Community of things/aspects that should be done/improved in order to implement these plans successfully, starting 1 July 2020, as mandated by our Bylaws. In addition, the Board asked for one suggestion of something that could be done externally to improve trust and with our partners and alliances (eg. IETF) so that they collaborate effectively with ICANN on some of our strategic objectives (eg. DNS security).

Based on the input received in Kobe, we are compiling a list of suggested actions for the community, Board and ICANN org which we would like to share and discuss with you in Montreal. We will send you that list in advance of our meeting in Montréal on or before Friday, 11 October 2019.

We would be very grateful if you could send to Board Operations (board-ops-team@icann.org) your single topic or the list of questions (max. 3), in order of priority, no later than Monday, 14 October 2019 or sooner.

For information, we are not changing the current total time allotted per group nor the room set-up.

We look forward to hearing your thoughts on our suggestions and on how to improve our interaction further.

We thank you in advance for your time on this matter and we look forward to welcoming you in Canada!

Best regards,
Cherine Chalaby

REMINDER: Finance Briefings at ICANN66
Executive: Xavier Calvez, Chief Financial Officer

FOR: All Community Leaders

ACTION ITEM

The ICANN org Finance team would like to meet with the Supporting Organizations, Advisory Committees, Stakeholder Groups, Constituencies, and Regional At-Large Regional Organization groups at ICANN66 to present a short update on planning- and finance-related topics, including:

- Five Year Operating Plan and Financial Plan
- FY21 Operating Plan
- FY19 Financials/FY20 Updates
- Accountability and Transparency reporting – specific reports published by the ICANN org Finance team.

Please let us know by **Monday, 28 October 2019**, if there are time slots that we can present. We appreciate your assistance.

REMINDER: Support the ICANN Engagement Booth at ICANN66

Executive: Sally Costerton, Senior Vice President, Global Stakeholder Engagement

FOR: All Community Leaders

INFORMATION SHARING

I know everyone is busy preparing for ICANN66, but I want to make you aware that you are welcome and encouraged to come and do outreach at the ICANN Engagement booth. The ICANN Engagement booth is in place so that Newcomers, ICANN org members, and ICANN community members to engage in discussions. It is supported by volunteers from the ICANN community, including members of Supporting Organizations and Advisory Committees. It would be beneficial to have the presence of seasoned ICANN community members to share their knowledge. We would like to offer one-hour slots during ICANN66. [Sign up here.](#)

Sincerely,
Deborah Escalera

REMINDER: Invitation to Provide Feedback on the ICANN Board's Proposed Public Interest Framework

Executive: Sally Costerton, Senior Vice President, Global Stakeholder Engagement

FOR: All Community Leaders

INFORMATION SHARING

From 18 September – 18 October 2019, a community consultation is taking place on the global public interest framework proposed by the ICANN Board. In reviewing the proposal, the ICANN Board is asking the ICANN community to consider the following questions for input to the ICANN Board:

1. What are your thoughts on the proposed framework approach? Do you have any suggestions for how it could be improved?
2. What are your thoughts on the proposed approach for decisions in the ICANN ecosystem to be accompanied by a consideration of their impact on the global public interest (as well as an explanation regarding what is meant by the GPI in the specific case)?
3. How do you see this working for the Supporting Organization (SO), Advisory Committee (AC), constituency, group, review team, or cross-community working group (CCWG) to which you are contributing?

The global public interest is central to many of ICANN's primary governance documents, and the ICANN Board hopes to play a role in facilitating a bottom-up, community-driven process to develop a framework as a toolkit for the ICANN community to consider the global public interest. These considerations would not change the process by which decisions are made but could instead serve as tools for the community to reinforce the commitment to the public interest and to demonstrate how specific recommendations, advice, and public comments are in the global public interest. This includes the ICANN community guiding the ICANN Board about the public interest determination the latter must make in its decisions.

To learn more about the framework, please read the [discussion paper](#). Community feedback is welcome by **Friday, 18 October 2019 via email at gpitoolkit@icann.org**. After the community consultation, there will be a public session at ICANN66, followed by a Public Comment proceeding.

REMINDER: ICANN Preparations for IGF 2019: Information for the Community and Requests for Input

FOR: All Community Leaders

INFORMATION SHARING

The 14th Annual Meeting of the Internet Governance Forum (IGF) will be hosted by the Government of Germany in Berlin from 25 to 29 November 2019. ICANN org will have a booth, hold sessions, and co-host a reception with other Internet technical organizations.

A few things we would like to share with you:

- **ICANN booth** – The booth will be a resource for the ICANN community. Please contact us (see below) if you or any of your members would like to volunteer at the booth, or use the booth as a place for small meet-ups, etc. Once we have a better idea, we will create a schedule reflecting this.
- **Technical community reception** – Monday, 25 November 2019, 18:30-20:00 (IGF venue). Space will be limited, and the reception will be by invitation only. Please send us (see below) the names of any community members attending the IGF and they will receive an invitation. Deadline: Tuesday, 12 November 2019.
- **Community sessions** – Please send us (see below) details of any session at the IGF your community group and members are planning, and we will share this information online and at the ICANN booth.

REMINDER: 2020 Leadership Program

From: Sally Costerton, Senior Vice President, Global Stakeholder Engagement

FOR: All Community Leaders

INFORMATION SHARING

From Wednesday, 2 October to Friday, 15 November 2019, ICANN has issued a call for nominations for the 2020 Leadership Program, scheduled for 5–6 March in Cancún, Mexico, just prior to ICANN67.

The Leadership Program helps current *and* incoming leaders better understand the complexities of ICANN, while also helping to develop the facilitation skills of participants. Understanding ICANN as an organization, the topics discussed within ICANN, and the interaction within other stakeholder groups can be challenging for incoming leaders, but sometimes also for experienced leaders. ICANN org and the community are making considerable efforts to help incoming leaders have a good start to their terms and to provide current leaders the opportunity to strengthen their leadership and facilitation skills.

Opportunities for Leadership Program participants include the following:

- Meet leaders from the other Supporting Organizations/Advisory Committees and get an insight of the functionality and issues in other groups
- Discuss current ICANN topics in an in-depth manner
- Deepen the understanding of key ICANN processes
- Develop facilitation and leadership skills, focused personal effectiveness to run meetings and foster processes

Interested individuals need to be endorsed by their Supporting Organization, Advisory Committee, or stakeholder group.

Please register [here](#) by **Friday, 15 November 2019, 23:59 UTC**. The Leadership Program does not provide financial support for travel to Cancún but does cover accommodations and offer a stipend for the days a participant is involved in the program.
