Executive: Theresa Swinehart, Senior Vice President, Multistakeholder Strategy and Strategic Initiatives

FOR: All Community Leaders

INFORMATION SHARING

At the Evolving ICANN's Multistakeholder Model session during ICANN66, process facilitator Brian Cute will present a work plan outlining issues that the community believes may be hampering the more effective and efficient functioning of ICANN's multistakeholder model of governance. Developed through Public Comment and community input, the work plan will identify who could be tasked to develop solutions, the resources needed, and the potential timelines for the work going forward. The final plan will become part of ICANN's proposed five-year Operating Plan which will be published for Public Comment in December 2019. [More information.](#)

NEW: NextGen@ICANN Community Consultation

Executive: Sally Costerton, Senior Vice President, Global Stakeholder Engagement

FOR: All Community Leaders

INFORMATION SHARING

The NextGen@ICANN program is currently undergoing a [community consultation](#).

One request from the preliminary feedback received to-date was for ICANN org to explore the feasibility of having community volunteer representatives from Supporting Organizations (SOs), Advisory Committees (ACs), Stakeholder Groups (SGs), and Constituencies (Cs) to nominate individuals for the following two roles:

1. NextGen Selection Committee members
2. NextGen mentors

For the Selection Committee, a time commitment of approximately 20 hours over three weeks is required (for each application round). Selection Committee members will typically serve for two years (or six application rounds).

Mentors are expected to devote approximately 24 hours to pre-ICANN Public Meeting preparation with their mentees, to offer advice, networking support, and regular check-ins on-site, and to complete evaluations following the ICANN Public Meeting. Based on previous estimates, mentors spend about two hours per week during the six-week preparation period in advance of the meeting and about two hours per day providing on-site support at the ICANN Public Meeting. Mentors will typically serve for one year (or three meetings).

Is your group interested in nominating individuals for either of these roles? **By Monday, 16 December 2019, please take the following [poll](#)** to help ICANN org can gauge the level of community interest. The findings of this poll will inform the proposed NextGen program approach that will be published for Public Comment.

Note: You will not be asked to submit the names of potential volunteers for roles at this time.

REMINDER: 2020 Leadership Program

From: Sally Costerton, Senior Vice President, Global Stakeholder Engagement

FOR: All Community Leaders

INFORMATION SHARING

From Wednesday, 2 October to Friday, 15 November 2019, ICANN has issued a call for nominations for the 2020 Leadership Program, scheduled for 5–6 March in Cancún, Mexico, just prior to ICANN67.

The Leadership Program helps current *and* incoming leaders better understand the complexities of ICANN, while also helping to develop the facilitation skills of participants. Understanding ICANN as an organization, the topics discussed within ICANN, and the interaction within other stakeholder groups can be challenging for incoming leaders, but sometimes also for experienced leaders. ICANN org and the community are making considerable efforts to help incoming leaders have a good start to their terms and to provide current leaders the opportunity to strengthen their leadership and facilitation skills.

Opportunities for Leadership Program participants include the following:

- Meet leaders from the other Supporting Organizations/Advisory Committees and get an insight of the functionality and issues in other groups
- Discuss current ICANN topics in an in-depth manner
- Deepen the understanding of key ICANN processes
- Develop facilitation and leadership skills, focused personal effectiveness to run meetings and foster processes

Interested individuals need to be endorsed by their Supporting Organization, Advisory Committee, or stakeholder group.

Please register [here](#) by Friday, 15 November 2019, 23:59 UTC. The Leadership Program does not provide financial support for travel to Cancún but does cover accommodations and offer a stipend for the days a participant is involved in the program.
