#### **DUE TOMORROW:** ICANN69 Internet Access Reimbursement Program Pilot

ICANN previously [announced](#) the Pandemic Internet Access Program Pilot for ICANN69, following the ICANN Board resolution in support of the pilot program. To facilitate participation during the remote Public Meeting, the pilot program offers community members who have limited Internet capacity financial assistance to increase their Internet bandwidth during ICANN69.

Reimbursement amounts of up to **USD 60** will be provided to eligible applicants who purchase additional Internet bandwidth (capacity or data limits) for the duration of the month or billing cycle for October 2020. The services must be rendered by a business entity or Internet service provider, specifically for Internet or cellular data service. The provider must also provide digital or paper documentation of the upgrade costs.

#### **ELIGIBILITY REQUIREMENTS**

To qualify for Internet service reimbursement:

1. Applicants must be active members of an ICANN community Supporting Organization or Advisory Committee and have been an ICANN funded traveler within 18 months prior to ICANN69 or must be selected to participate in the current ICANN69 Fellowship or the NextGen programs.
2. Applicants must be registered to attend, and participate in ICANN69. Participation will be validated by the support staff of the primary membership group of applicants.
3. Applicants must require additional bandwidth at home to facilitate their active participation in ICANN69.
4. Applicants must have a valid personal bank account for ICANN org to wire the reimbursement funds.

5. Applicants must apply for this program in advance of the meeting. **The deadline to apply is Friday, 2 October 2020.**

#### **IMPORTANT DATES & DEADLINES**

#### **DUE MONDAY: Interaction with the ICANN Board during ICANN69**

**From:** Maarten Botterman, ICANN Board Chair

Dear ICANN Community Group Chairs,

**Please reply no later than Monday, 5 October 2020.**

While 2020 has proven challenging and likely very different from what we were all expecting when we last saw each other almost a year ago in Montréal, the Board and I keep being impressed and grateful for your continued dedication to ICANN's mission.

The Board still values its dialogue with your groups and is very much looking forward to engaging with you during our 22nd and first ever virtual Annual General Meeting that will take place between 13-22 October 2020. As you keep working on the format for ICANN69, we would like to start preparing for community dialogue with the Board.

As per what we did in Montréal and virtually for ICANN67, instead of sending up to three questions to the Board, we would like to offer you the alternative option of choosing a single topic and having an open discussion with the Board on that topic. We will also publish the list of questions or topics received using this digest as a successful tool for improving transparency and allowing other groups to deepen their own understanding of their peers' point of view on different issues.

As for time allocation, per what we did previously, we propose to allocate half of our time together to answer your questions or discuss your single topic and the other half to address the Board's topic. In preparation for our meetings, the Board has chosen the following topic to have an open discussion with you:

- **Enhancing the effectiveness of the multistakeholder model- key issues and opportunities for acceleration.** In your preparation, you may want to consider the results of the most recent public consultation and the work that has progressed with dependencies to enhancing the effectiveness of the multistakeholder model, such as the Accountability and Transparency Review Team (ATRT3) Final Report and work on prioritization and budgeting).

**We would be very grateful if you could send to Board Operations, [board-ops-team@icann.org](mailto:board-ops-team@icann.org), your single topic or list of questions, in order of priority, no later than Monday, 5 October 2020 or sooner.**

For your information, we are not changing the current total time allotted per group. We look forward to hearing your thoughts, questions or topics of interest and to exchange with you constructively and virtually.

Best regards,

Maarten Botterman  
ICANN Board Chair
