### Information Sharing

#### **NEW:** Third and Fourth ccNSO Policy Development Processes Webinars

The ccPDP3 Review Mechanism and ccPDP4 Internationalized Domain Names (IDN) Working Groups will host **two 90-minute webinars on Thursday, 15 April 2021 at 08:00 UTC and 16:00 UTC**

The ccPDP3 Review Mechanism Working Group focuses on the development of a review mechanism that pertains to decisions regarding the delegation, transfer, revocation, and retirement of country code top-level domains. The working group has identified the decisions that should be subject to a review mechanism and is currently exploring the requirements for the review mechanism itself.

The ccPDP4 on IDN ccTLD Working Group aims to develop policy recommendations for the ICANN Board. The results of this ccPDP will eventually replace the IDN ccTLD Fast Track Process, which currently guides the selection process of IDN ccTLD strings.

Please contact [kimberly.carlson@icann.org](mailto:kimberly.carlson@icann.org) for participation details.
