NEW: ICANN75 Health and Safety
As we prepare to bring the community together in Kuala Lumpur, Malaysia for the ICANN75 Annual General Meeting, we remain vigilant and plan to maintain the high level of health and safety protocols that contributed to a successful event in The Hague.
While there are few differences between the health and safety measures in place for ICANN75 when compared to those in force for ICANN74, some requirements for ICANN75 are legally mandated by the Malaysian government.

REMINDER: Implementation Operations Team Interactive Update on the "Enhancing ICANN's Multistakeholder Model" Project

In 2019, the ICANN Board initiated a project aimed at enhancing the effectiveness of ICANN's multistakeholder model – one of the strategic objectives outlined in ICANN's Strategic Plan for Fiscal Years (FY) 2021-2025. This effort is critical to ensuring that the multistakeholder model evolves and meets the changing needs of the ICANN community.

The Implementation Operations team is offering an up to 30 minute interactive update on this project, more specifically on the evaluation methodology, which is used to assess the current projects/initiatives that are supporting the multistakeholder model.

If you like this update to be part of your constituency/committee ICANN75 agenda, please email giovanni.seppia@icann.org and/or negar.farzinnia@icann.org. We look forward to working together to enhance the ICANN multistakeholder model.
