NEW: ICANN Launches New RFC Annotations Project

ICANN released the first version of its new Request For Comments (RFC) Annotations project. The purpose of this new project is to allow developers and security researchers to see commentary on the RFC documents from the Internet Engineering Task Force (IETF) that make up the Domain Name System (DNS) protocol. The DNS-related RFCs can be viewed with annotations, such as updates to the

RFCs and commentary on parts of the protocols.
