ICANN77

NEW: ICANN Announces NextGen@ICANN77 Participants

An independent committee selected the NextGen@ICANN77 participants based on their current studies and interest in Internet governance.

The nine selectees attend universities in the North American region where they study business, law, and technology.

Starting with ICANN77, we have a change to our typical pre-meeting routine: we are not printing any materials; we are only going to be designing and translating meeting collateral.

27 April 2023 | DESIGN DEADLINE:

If you require design assistance for your publication, you need to provide all the text, images, layout, and publication type/size requirements (i.e. newsletter vs. 1-pager vs. trifold, etc.). You will receive a maximum of 2 iterations of the publication. Please provide everything by **27 April**. Please keep in mind that all materials, new or updated, need to be evergreen.

□ 11 MAY 2023 | TRANSLATION DEADLINE:

If your publication requires translation, please provide the final material(s) by **11 MAY**. This ensures that there is enough time to translate the publication by the start of the meeting, with the possibility of potential changes to said translations. If your materials require design assistance (outlined above), please note that the final materials will have to be complete, including the edit/approval process, by this deadline to be translated.

All content/requests can be sent to andrea.glandon@icann.org

ICANN77 Registration NOW OPEN

□ ACTION ITEM: SOs/ACs to provide feedback on Fellowship Program outreach and promotion

goals

SOs/ACs are asked to contribute to the Fellowship Program's strategy for outreach and promotion by providing feedback on suggested diversity targets for the Fellowship Program. Interested community groups should complete [this form](#) and send it via email to Siranush.Vardanyan@icann.org. Groups should aim to return the forms by **15 May 2023**.

The ICANN organization regularly updates its strategy for targeted outreach and promotion for the Fellowship Program. SOs/ACs are being asked to provide guidance on diversity goals for the program. These may include, but are not limited to, skills and experience, stakeholder group affiliation, region, gender, and language. ICANN org will use this list of goals to inform the program's outreach and promotion strategy. Input is welcome on any specific local, regional, or global events where promoting the Fellowship Program would help identify strong candidates. These goals will be revised by the SOs/ACs every two years.

WEBINAR: Update From the ICANN Board's CEO Search Committee

To gather input from the ICANN Community and the broader Internet ecosystem, the Search Committee has planned a series of Board Listening Sessions, the first of which took place last month during ICANN76. **We have scheduled the next Listening Session with the Community on 16 May at 14:00–15:30 Coordinated Universal Time (UTC) via Zoom.** Please visit the [Search Committee page](#) for more information and to register.

You may also share your views with the Search Committee at any time by emailing us at ceosearch2023@icann.org.

□ ACTION ITEM: Sign up for Strategic Outlook Identification Sessions

ICANN's FY25 Planning Process has started, beginning with the strategic outlook program. We are looking for participation from community members in the trend identification sessions through their Supporting Organization (SO) or Advisory Committee (AC). **ICANN will collaborate with SO and AC chairs and support teams to schedule sessions from March through May 2023.**

This program is a joint effort of the ICANN ecosystem to identify and track trends that are related to ICANN. This ensures that the opportunities and challenges are incorporated into current and future planning.

Once trends are identified, ICANN will conduct a trend analysis and impact assessment. Significant shifts could result in adjustments to the strategic plan. Moreover, new trends or shifts in existing trends also impact the operating plans (five-year or annual) and/or budget, and are factored into the annual iteration of those plans as appropriate.

All strategic outlook sessions will be conducted virtually, and community members are encouraged to join this important discussion. We look forward to your participation in this dialogue about ICANN planning and strategy.

Thank you for your support in the ICANN planning process.

REMINDER: Calling for NextGen@ICANN Applications for ICANN78

ICANN is calling for [applications](#) for the [NextGen@ICANN Program](#) for the ICANN78 Annual General Meeting.

ICANN wants to hear from university students living and studying in the European region who are interested in the future of the Internet and in participating in the ICANN78 Annual General Meeting. ICANN78 is scheduled to be held in Hamburg, Germany from **21–26 October 2023**.

The NextGen@ICANN Program application window will remain open until **19 June 2023**.
