Community Consultation on Timing and Potential Deferral of ATRT4 Review

ICANN org is initiating consultation with the community to seek input on the timing of the Fourth Accountability and Transparency Review (ATRT4) and whether there is a need for a deferral of the ATRT4 for a limited time. A consultation approach is being used because it will allow for a targeted conversation with the SO/AC Chairs and their constituencies. While ATRT4 is of general interest to the entire ICANN community, it is important for the ICANN Board and org to understand whether the SO/ACs would be available to come together to populate, perform and deliver the recommendations within the ATRT4 while carrying out their other work.
