Article 4 Accountability and Review
4.2 Community Independent Review Process (IRP) for Covered ICANN Actions
4.3 Independent Review Process (IRP) for Covered ICANN Actions

1. Introduction

Following the adoption by the GNSO Council of the revised GNSO Operating Procedures, as well as the proposed modifications to the ICANN Bylaws adopted by the ICANN Board of Directors on 13 May 2018, staff has outlined in the table below the additional proposed steps to be taken, including guidance and motion templates, to facilitate the ability for the GNSO Council to act in relation to its roles and responsibilities outlined in the post-transition Bylaws. These steps fall within the GNSO Council's existing processes and procedures.

2. Background

Per Article 4.2 Section (a) of the ICANN Bylaws, ICANN shall have in place a process by which any person or entity materially affected by an action or inaction of the ICANN Board or Staff may request ("**Requestor**") the review or reconsideration of that action or inaction by the Board.

Per Article 4.2 Section (b) The Empowered Community (EC) may file a Reconsideration Request (as defined in Section 4.2(c)) if approved pursuant to Section 4.3 of Annex D ("**Community Reconsideration Request**") and if the matter relates to the exercise of the powers and rights of the EC of these Bylaws. The EC Administration shall act as the Requestor for such a Community Reconsideration Request and shall act on behalf of the EC for such Community Reconsideration Request as directed by the Decisional Participants, as further described in Section 4.3 of Annex D.

Per Article 4.2 Section (c) A Requestor may submit a request for reconsideration or review of an ICANN action or inaction ("**Reconsideration Request**") to the extent that the Requestor has been adversely affected by:

- (i) One or more Board or Staff actions or inactions that contradict ICANN's Mission, Commitments, Core Values and/or established ICANN policy(ies);
- (ii) One or more actions or inactions of the Board or Staff that have been taken or refused to be taken without consideration of material information, except where the Requestor could have submitted, but did not submit, the information for the Board's or Staff's consideration at the time of action or refusal to act; or

(iii) One or more actions or inactions of the Board or Staff that are taken as a result of the Board's or staff's reliance on false or inaccurate relevant information.

4. Advising the GNSO’s Representative on the Empowered Community Administration

The process of developing and providing advice to the GNSO’s Representative on the Empowered Community (EC) Administration – including whether to request a Community IRP or to become an IRP [Claimant](#) – falls within the GNSO Operating Procedures. These guidelines are meant to supplement those procedures.

Deleted: requestor

The action requested by the GNSO Council of the GNSO representative will be put before the GNSO Council as a motion for consideration. Threshold for approval is a simple majority vote of each house, which per Section 11.3-1 of the ICANN Bylaws is the default voting threshold.

In the case of whether the GNSO should become an IRP [Claimant](#), the motion shall include the following resolutions:

Reconsideration Request Form

Version of 1 October 2016

ICANN's Board Governance Committee (BGC) is responsible for receiving requests for review or reconsideration (Reconsideration Request) from any person or entity that believes it has been materially and adversely affected by the following:

- (a) One or more Board or Staff actions or inactions that contradict ICANN's Mission, Commitments, Core Values and/or established ICANN policy(ies);
- (b) One or more actions or inactions of the Board or Staff that have been taken or refused to be taken without consideration of material information, except where the Requestor could have submitted, but did not submit, the information for the Board's or Staff's consideration at the time of action or refusal to act; or

This form is provided to assist a Requestor in submitting a Reconsideration Request, and identifies all required information needed for a complete Reconsideration Request. This

template includes terms and conditions that shall be signed prior to submission of the Reconsideration Request.

Requestors may submit all facts necessary to demonstrate why the action/inaction should be reconsidered. However, argument shall be limited to 25 pages, double-spaced and in 12-point font. Requestors may submit all documentary evidence necessary to demonstrate why the action or inaction should be reconsidered, without limitation.

For all fields in this template calling for a narrative discussion, the text field will wrap and will not be limited.

Please submit completed form to reconsideration@icann.org.

7. Detail of the ICANN Action/Inaction – Required Information

Please provide a detailed explanation of the facts as you understand they were provided to the Board or the ICANN organization (acting through its staff) prior to the action/inaction and the reasons why ICANN's action or inaction was: (i) contrary to ICANN's Mission, Commitments, Core Values and/or established ICANN policy(ies); (ii) taken or refused to be taken without consideration of material information; or (iii) taken as a result of ICANN's reliance on false or inaccurate relevant information.

If your request is in regard to an ICANN action or inaction that you believe is contrary to established ICANN policy(ies), the policies that are eligible to serve as the basis for a Reconsideration Request are those that are approved by the ICANN Board (after input from the community) that impact the community in some way. When reviewing Board or staff action, the outcomes of prior Reconsideration Requests challenging the same or substantially similar action/inaction as inconsistent with established ICANN policy(ies) shall be of precedential value.

Reconsideration Requests are not available as a means to seek review of country code top-level domain (“ccTLD”) delegations and re-delegations, issues relating to Internet numbering resources, or issues relating to protocol parameters.

Please keep this guidance in mind when submitting requests.

Provide the Required Detailed Explanation of the ICANN Action/Inaction here:

8. What are you asking ICANN to do now?

(Describe the specific steps you are asking ICANN to take. For example, should the subject action be reversed, cancelled or modified? If modified, how should it be modified?)

9. Please state specifically the grounds under which you have the standing and the right to assert this Reconsideration Request, and the grounds or justifications that support your request.

(Include in this discussion how the action or inaction complained of has resulted in material harm and adverse impact. To demonstrate material harm and adverse impact, the Requestor must be able to demonstrate well-known requirements: there must be a loss or injury suffered (financial or non-financial) that is a directly and causally connected to ICANN’s action or inaction that forms the basis of the Reconsideration Request. The Requestor must be able to set out the loss or injury and the direct nature of that harm in specific and particular details. The relief requested must be capable of reversing the harm alleged by the Requestor. Injury or harm caused by third parties as a result of acting in line with the ICANN’s decision/act is not a sufficient ground for reconsideration. Similarly, injury or harm that is only of a sufficient magnitude because it was exacerbated by the actions of a third party is also not a sufficient ground for reconsideration.)

Terms and Conditions for Submission of Reconsideration Requests

The Board Governance Committee (BGC) has the ability to consolidate the consideration of Reconsideration Requests if: (i) the requests involve the same general action or inaction; and (ii) the Requestors are similarly affected by such action or inaction.

The Board Governance Committee may dismiss a Reconsideration Requests if: (i) the Requestor fails to meet the requirements for bringing a Reconsideration Request; or (ii) it is frivolous.

Hearings are not required in the Reconsideration Process, however Requestors may request a hearing. The BGC retains the absolute discretion to determine whether a hearing is appropriate, and to call people before it for a hearing.

For all Reconsideration Requests that are not summarily dismissed, except in cases where the Ombudsman is required to recuse himself or herself or the request at issue is a Community Reconsideration Request, the Reconsideration Request shall be sent to the Ombudsman, who shall promptly proceed to review and consider the Reconsideration Request. The BGC shall make a final recommendation to the Board with respect to a Reconsideration Request following its receipt of the Ombudsman's evaluation (or following receipt of the Reconsideration Request involving those matters for which the Ombudsman recuses himself or herself or the receipt of the Community Reconsideration Request, if applicable).

The final recommendation of the BGC shall be documented and promptly (i.e., as soon as practicable) posted on the ICANN Website and shall address each of the arguments raised in the Reconsideration Request. The Requestor may file a 10-page (double-spaced, 12-point font, not including exhibits), rebuttal to the BGC's recommendation within 15 days of receipt of the recommendation, which shall also be promptly (i.e., as soon as practicable) posted to the ICANN Website and provided to the Board for its evaluation; provided, that such rebuttal shall: (i) be limited to rebutting or contradicting the issues raised in the BGC's final recommendation; and (ii) not offer new evidence to support an argument made in the Requestor's original

1. Per [Section 4.2\(a\)](#) of [Annex D](#), after completion of a mediation under [Section 4.7](#) of the Bylaws, the EC Administration representative of any Decisional Participant who supported the exercise by the EC of its rights in the applicable EC Decision may request that the EC initiate a Community IRP (a "Community IRP Petitioning Decisional Participant"), by delivering a notice to the EC Administration and the Decisional Participants requesting the initiation of a Community IRP ("Community IRP Petition").
2. Per [Section 4.2\(b\)](#) of [Annex D](#), following the delivery of a Community IRP Petition to the EC Administration by a Community IRP Petitioning Decisional Participant, the Community IRP Petitioning Decisional Participant shall contact the EC Administration and the other Decisional Participants to determine whether any other Decisional Participants support the Community IRP Petition.
3. When considering whether to request initiation of a Community IRP, the GNSO has considered a lesser action and rejected that action.

Resolved:

1. The GNSO Council agrees to [\[join the\]](#) request that the EC initiate a Community IRP.

Commented [5]: From David McAuley: 1) Don't we need a similar motion to approve an IRP petition initiated by another member of the EC? 2) I think we will need a motion where GNSO wants to initiate an IRP Itself – not as part of the EC but as GNSO alone – Bylaw section 4.3(b)(i) gives GNSO and other SOs/ACs that capacity.

2. The GNSO Council requests that the GNSO Representative on the EC Administration forward the Community IRP Petition notice to the EC Administration and the Decisional Participants.

3. The GNSO Council requests that the GNSO Representative on the EC Administration to timely / immediately contact the EC Administration and the other Decisional Participants to determine whether any other Decisional Participants support the Community IRP Petition.
