

Hello everyone,

I am León Sánchez and I have been appointed as Board liaison to the EPDP.

I have been a member of the ALAC and the IPC and was appointed by the ALAC to sit on the Board. I have worked in various working groups and also Co-Chaired the CCWG on enhancing ICANN's accountability.

I am an Intellectual Property attorney and have also been involved in advocating users' rights, data protection and privacy.

I look forward to this group's work!

Kind regards,

León
