# Objectives of the ATRT Review

The specific objectives for the Accountability and Transparency (ATRT3) Review are to review ICANN's execution of its commitment to maintain and improve robust mechanisms for public input, accountability, and transparency so as to ensure that the outcomes of its decision-making reflect the public interest and are accountable to the Internet community.

# The issues – ATRT3

1. assessing and improving Board governance which shall include an ongoing evaluation of Board performance, the Board selection process, the extent to which the Board's composition and allocation structure meets ICANN's present and future needs, and the appeal mechanisms for Board decisions contained in these Bylaws;
2. assessing the role and effectiveness of the GAC's interaction with the Board and with the broader ICANNcommunity, and making recommendations for improvement to ensure effective consideration by ICANNof GAC input on the public policy aspects of the technical coordination of the DNS;
3. assessing and improving the processes by which ICANN receives public input (including adequate explanation of decisions taken and the rationale thereof);
4. assessing the extent to which ICANN's decisions are supported and accepted by the Internet community;
5. assessing the policy development process to facilitate enhanced cross community deliberations, and effective and timely policy development;
6. assessing and improving the Independent Review Process.
