

ATRT3 – GAC WG

May 22, 2019

Progress

- *No visible progress*
- *We are trying to finalize the question to be sent to GAC and Board + Community.*
- *Till moment we have defined 3 general questions to members*
- *However one relevant point regarding ATRT2 is not yet translated into a formal question*
- *Guess once the draft is written we can send the questions.*
- *From our view we would like to have some time with chair and/or vice chair maybe after they finish their communiqué.*
- *Guess Liu could help setting this time slot*
