07:53:46 From Vanda Scartezini : this is relevant to be in our report Liu.

08:01:45 From Daniel K. Nanghaka : There is need to enhance GAC reporting processes

08:02:21 From Daniel K. Nanghaka : In response to community feedback and reaction to policies or procedures that are going on

08:05:41 From Daniel K. Nanghaka : There was a response that "GAC members do not involve themselves in other WG processes and it becomes a challenge to know what the GAC response will be"

08:06:22 From Cheryl Langdon-Orr : Remember it all goes ito plenary discusion

08:07:49 From Daniel K. Nanghaka : Yes, and when it does not get consensus it is thrown back - the challenge is having GAC members advice during process

08:15:05 From Tola : Thanks...That survey feedback is somewhat instructive.

08:15:06 From Daniel K. Nanghaka : That is interesting, it would be good to dig into the 12% to drive a recommendation

08:15:50 From Tola : @Dan: That will only be possible if we have texts...

08:16:44 From Daniel K. Nanghaka : I agree. I believe there are some correlations which can be used to drive recommendations to effective GAC participation

08:17:00 From Daniel K. Nanghaka : We have the 12% and the 37% who have no opinions

08:17:28 From Tola : That's correct.

08:26:51 From jennifer.bryce : GAC have scheduled a tentative time to meet with ATRT3 in Montreal: Wednesday from 09:10 to 10:15. We will send out a placeholder
