Agenda

1 Recap of Consumer Safeguards at ICANN

2 DNS Abuse & Community Discussions: Systemic Abuse

3 ALAC Input

4 ICANN 66 Montreal

1. Consumer Safeguards at ICANN

- **ALAC and GAC**

- **Provide information and data for fact-based policy making**

- **Partnership with OCTO**

- **Participation in activities outside of ICANN concerning DNS Abuse**

- **Facilitate Community discussions concerning DNS Abuse**

2. DNS Abuse

- What should ICANN's role be in addressing DNS abuse?

- Are there gaps between DNS Abuse and the tools within ICANN's remit to address that abuse?

- Phishing, Malware, Botnets (C & C)… other types of abuse within the DNS?

- What additional tools or data would be helpful in assessing DNS abuse?

- Are there areas where voluntary measures could be helpful?

2. Community Discussions: Systemic Abuse

- **What is it?**

- **What does DAAR tell us?**

- **What are contracted parties doing to address it?**

- **What more can be done to mitigate systemic DNS abuse?**

3. ALAC Input

- What is ALAC's definition of DNS Abuse?
    - What areas within that definition does ALAC view as being within ICANN's remit and what forms of DNS Abuse, if any, are outside of ICANN's remit?

- Are there voluntary measures, like PIR's recent announcement [pir.org], that might be effective in mitigating DNS abuse?

- What is ALAC's view on a potential PDP for DNS Abuse as is being suggested?

- Alternatively, does ALAC have suggestions for amendments to ICANN's agreements with registries and registrars?

4. ICANN 66 - Montreal

- **Potential public Cross-community session**

- **What would ALAC like to see in respect to such a session?**

- **Would ALAC co-sponsor it?**
