

06:59:01 From Stephen Deerhake : Morning Katrina!

07:09:22 From Stephen Deerhake : Term limit might be an issue with NA region.

07:11:18 From Nick Wenban-Smith, Nominet : I think term limits are desirable in an ideal world, since I'm new to this what was the reason for not adopting them from the last review?

07:11:19 From Stephen Deerhake : I wouldn't have an issue with it Katrina. If VI wanted to propose new blood (for example) I'd step aside.

07:11:38 From Stephen Deerhake : Nick, I have no idea...

07:11:45 From Nick Wenban-Smith, Nominet : @stephen you get less for murder in the UK

07:13:27 From Katrina : Stephen - I wasn't talking about anyone stepping aside. I was talking about when VI does not step forward and then we say: "Ah... they did not want to participate. OK, you are allowed to do another term, Stephen"

07:13:32 From Nick Wenban-Smith, Nominet : ok well a strict term limit I can see would be a problem

07:16:24 From Stephen Deerhake : Got Katrina. If conscripted, what's a Councilor to do? ;-)

07:16:31 From Stephen Deerhake : s/Got/Got it/

07:32:13 From Stephen Deerhake : +1 on the website redo...

07:32:42 From Katrina : yes, we started discussions about it YEARS ago... we do need it

07:34:53 From Stephen Deerhake : Happy to share the versioning control process we use on the PDP Retirement WG...

07:37:18 From Kristy Buckley : That would be great, thanks Stephen.

07:37:30 From Katrina : I am not sure I will live long enough to see GRC dissolved :)

07:37:57 From Stephen Deerhake : @Katrina +1.

07:43:38 From bart.boswinkel : Text page 27: One such example is the FOI, which the ccNSO used to provide guidance to IANA, ICANN, and the ccTLD community on the delegation and transfer of ccTLDs – issues for which the guidance was unclear or nonexistent in RFC 1591, ICP-1, and GAC Principles 2000 and 2005.

07:44:22 From bart.boswinkel : May need to be re-worded as it mentions ICP-1 and GAC 2000 principles which are both none documents

07:45:02 From bart.boswinkel : Also note the FOI is and was never int he position to interpret the GAC 2005 principles

07:56:16 From Stephen Deerhake : Executive Summary section maybe?

07:59:30 From bart.boswinkel : at least suggested

07:59:59 From Stephen Deerhake : Bye all!

08:00:08 From bart.boswinkel : Bye all

08:00:11 From Kimberly Carlson : Thank you, bye
