14:22:10 From Vanda Scartezini : I am not hearing

14:23:06 From Michael : Yes indeed. Haven't reconnected with Erica yet, but expect I'll
do so towards the end of this week or early next.

14:23:29 From Pat Kane (VRSN) : sure.

14:24:08 From Michael : Some takeaways on my end: very interesting discussion with the ALAC regarding accountability to internet end users, especially given the wide differences of opinion we heard as to the level accountability which is appropriate or necessary

14:25:35 From Vanda Scartezini : looks like a plan

14:26:02 From Michael : Complaints about the acronym soup we deal with (though, as far as ICANN goes, that may be barking at the moon).

14:26:34 From Vanda Scartezini : so Jenniger will add him to our Skype group?

14:27:14 From Michael : And complaints about information management and accessibility, which I think is a very fruitful area to dig into. So those are my takeaways - sorry for the block of text, rather than just reporting orally, which would have been quicker for all of us.

14:28:22 From Vanda Scartezini : it is ok Michael better than interrupted voice...

14:28:31 From Michael : And NCSG

14:28:43 From Michael : At least - that's what we heard loudly from them in Marrakech

14:29:10 From Michael : Sorry - that was in reference to information management complaints

14:29:21 From Michael : Stephanie calling for ICANN to hire an archivist/library

14:29:26 From Michael : Which certainly ties into the other areas

14:29:57 From Vanda Scartezini : repeating the question here Will be bernard be added to our Skype groups?

14:30:17 From Cheryl Langdon-Orr : Yes we will do that today if not already done

14:30:24 From Vanda Scartezini : 11 UTC?

14:30:54 From Cheryl Langdon-Orr : Makes sense at this stage Pat Yes to get those not in Marrakech up to speed an the new approach

14:31:16 From Vanda Scartezini : ok for me

14:31:39 From Cheryl Langdon-Orr : Yes 3 July 1100 UTC

14:32:05 From Cheryl Langdon-Orr : That is exactly what I just stated SeB

14:32:14 From Cheryl Langdon-Orr : and Pat ri\ reiterated

14:33:06 From Cheryl Langdon-Orr : So perhaps you can also add into the 3 July Agenda the identification OF some topics in a proposed order

14:33:37 From Michael : I will be in transit on July 3, so unlikely to make the meeting that day (just FYI - not sure about Erica's status).

14:33:57 From Cheryl Langdon-Orr : SO new Agenda Item 4 New methodologies for plenary work and WP activities

14:39:21 From Cheryl Langdon-Orr : I am OK with Speceficity of course *BUT* if a WP feels they need ti use a blosk of time for broader work they need to 'book it in

14:42:20 From Pat Kane (VRSN) : excellent

14:42:44 From Bernard Turcotte : noted

14:43:27 From Jennifer Bryce : yes :)

14:44:22 From Vanda Scartezini : thanks Jennifer
