## Description

Outreach to Concordia University, ISOC Quebec Membership and the business community renting business space at the Montreal CoWork location

Short presentation on NARALO and ICANN prior to the event and indication of sponsorship by ICANN. NARALO brochures provided to 50 attendees and excess brochures provided in literature rack at the Montreal CoWork.

The event was taught by Raoul Plommer and he focused on teaching attendees how to use the GDPR for Citizen workshop materials developed by ISOC Beyond the Net and the Government of Finland funding.

One of the results was recruitment of volunteers to translate the materials into French, Spanish, Portuguese, German, Arabic, Bengali and Hindi , To learn more about the course visit <http://digirights.info>
