12:59:47 From Tola : Hello

12:59:59 From Cheryl Langdon-Orr : ho

13:00:10 From Cheryl Langdon-Orr : hi

13:20:10 From Cheryl Langdon-Orr : Oh another reference point on the jargon and onboarding issue... we will need to recognise the joint paper on that matter published by the ALAC and GAC a few years back

13:25:21 From Cheryl Langdon-Orr : Thought on the GAC input into (more recently front end activity in PDPs and the two primary PDP spaces... There seems a better (recent) level of activity from the GAC with the GNSO (and of course CCWG's from the GAC where of course there has been active work on GNSO GAC interaction AND formal Liaison roles developed between GAC and GNSO, ... Formal Liaisons now (recent) also exist between GAC and ALAC (after years of mutual work) Perhaps with ccNSO interaction a recommendation of exploring Liaison and more formalised activities between GAC and ccNSO noting that many / most ccNSO PDPs have specific allocated seats for ALAC (sometimes for the 5 Regions as well as a Lead

13:26:07 From Cheryl Langdon-Orr : RE paper from GAC/ALAC it is already a resource accessed for the GAC WP I think but will double check

13:26:44 From jennifer.bryce : [https://atlarge.icann.org/advice\\_statements/10443](https://atlarge.icann.org/advice_statements/10443)

13:26:57 From jennifer.bryce : The above is 'Enabling Inclusive, Informed and Meaningful Participation at ICANN: A Joint Statement by ALAC and GAC'

13:35:02 From Bernard Turcotte : Note 26 mminutes left in call

13:35:32 From Cheryl Langdon-Orr : That is Members of course NOT Participant who are observers

13:35:46 From Cheryl Langdon-Orr : But we DO create digest of each week

13:36:09 From Cheryl Langdon-Orr : and the wiki's are constantly updated, look at who ever visits the pages

13:36:42 From Cheryl Langdon-Orr : I don't see the comments as more thn an observation BTW

13:37:34 From Cheryl Langdon-Orr : but it is a transparancy issue as well at the óther end'where if you have SO much informatio published and avaiable who reads the damn stuff

13:37:39 From Cheryl Langdon-Orr : EXACTLY

13:37:56 From Cheryl Langdon-Orr : this the advantage of some CURATED materials

13:38:29 From Cheryl Langdon-Orr : wuch as the onboarding in ICANN inLearn and use fo things from existing materials

13:40:12 From Cheryl Langdon-Orr : tweaks

13:41:14 From Cheryl Langdon-Orr : The lack of good use of information avaiable to community bu community i a soap box of mine (believe me ;-)

13:42:02 From Cheryl Langdon-Orr : SOI's in continuous update is only part of the story of course, but may need reinforcement

13:43:53 From Cheryl Langdon-Orr : The divergence could have been coloured by knowledge of the background on each of the players here as well

13:44:04 From Cheryl Langdon-Orr : so COI / SOI within a group

13:45:00 From Cheryl Langdon-Orr : But there is NO divergence in what is written AS the ALAC's mandate

13:45:11 From Cheryl Langdon-Orr : it is to act IN the best Interests OF

13:52:15 From Cheryl Langdon-Orr : ALAC's recent review needs to be then considered as well then

13:52:21 From Cheryl Langdon-Orr : that is only just to be implemented

13:52:44 From Cheryl Langdon-Orr : ALSO re time I have to attend another call at top of hour so anm WELL aware of the clock

13:53:33 From Cheryl Langdon-Orr : Indeed Bernie, but we could pick that up in Plenary as well as long as Survey picks it up as well
