Meeting notes :

The group completed a review of the Best Practice for Mailbox Name document and proposed that the clean draft to be reviewed by the working group by Thursday 30th July, and an email to be sent to the mailing list asking for a final review and comments.

The group members proposed the published document to be shared with the following stakeholders:

- Opensource community developers
- At-Large regional organizations and communities (e.g Middle East Space, AfrRALO, LACRALO)
- UA local initiatives

The group agreed to organize a webinar to present the document to ICANN’s community and also the UA community.

The group agreed to consider its projects prioritize for FY21 and considered to start with the following projects :

- E5: Outreach to technical community at StackOverflow, Serverfault, and GitHub with Q/A
- E3: Get involved with standards fora (e.g. WHATWG)

Mark SV. (Chair) asked the group to make progress on the WHATWG letter by reaching out to Apple and Google’s Chrome contacts in order to get their support as well.

It was agreed that the group next call will discuss E5 in detail and consider starting an SOW.

The next meeting: Tuesday, 4th August 2020 at 17:00 UTC (60mins)
