2. AOB

### Meeting notes:

Mohamed presented an update about Apple's iOS14 "Mail" client EAI testing; which was conducted using Chinese, Thai, Cyrillic, and Hindi. The results indicate that Apple "Mail" client supports EAI without any issues.

The WG continued drafting the EAI compliance self-certification document. The group discussion focused on identifying and agreeing on the levels of EAI support, the terms of EAI support (Phase 1 and phase 2) might not be suitable to be used for email utilities and tools.

The group agreed to discuss the levels of EAI support, and the Chair encouraged the members to review the document and provide comments online.

**The next meeting: Tuesday, 17 November 2020 at 17:00 UTC (60mins)**

### The Action Items:

No.	The meeting Action Items	Owner
1	<i>Continue the discussion about the EAI requirements or considerations for vendor's self-certification as an EAI Ready product and the levels of EAI support.</i>	WG members
