Meeting Notes

Dennis presented the WG group management chart and the status of the WG projects Statements of Works (SOW). He also provided a brief about the status of the SOW for Social media networks.

The group discussed in high-level the SOW for Universal Acceptance for browsers, Sarmad indicated that the contractor will need a clear scope of work regarding testing using the browser's default configuration or a custom UA readiness configuration.

Dennis indicated even the browser's default configuration does not support UA, it's important that the project report include the accurate UA compatible configuration.
