- 2 The BC believes that the board gives greater weight to the risks and concerns of contract parties, relative to concerns and risks of business users and registrants.

# 42. Please answer if you selected 'no' to question 23. Where do you think these shortcomings lie, and how could they be improved?

- 3 Not all the people that are sent to the NomCom have the experience to do a good vetting. So/AC should be more careful as to the people that the select to the NomCom
