Dear Sir

CHANGE OF NAME FOR BAPHALALI SWAZILAND RED CROSS SOCIETY

This letter serves to inform you that Baphalali Swaziland Red Cross Society (BSRCS) has since changed its name to Baphalali Eswatini Red Cross Society (BERCS). The decision to change the name of the NS was taken in an Annual General Meeting which was held on the 8th September 2018. The change of name comes after King Mswati has changed the name of the country from Swaziland to Eswatini. However, please note that the change of name will be a long process involving many other relevant Government offices and institutions like banks, a process the NS will begin in January 2019.

In this AGM, the National Society also changed its financial year which has been running from January – December to now start in April running up to March. In this change, the NS wanted to align its financial year to that of Government of the Kingdom of Eswatini. All projects being implemented will not be affected by these changes.

Thank you for your understanding on these changes, and we shall be happy to provide any additional information or clarity you may seek regarding the changes.

Yours Sincerely
