00:33:19 Kimberly Claffy: I cannot hear Negar

00:33:26 Kimberly Claffy: can someone closer to mike repeat what she says?

00:35:19 Cheryl Langdon-Orr: Is the sound OK Now

00:38:16 Jennifer Bryce: Apologies while we work out while the live edits to the document aren't showing in Zoom. In the mean time, you may refer to the Google doc link here:
https://docs.google.com/document/d/1NwKDe6C_BQfQS3pbwXVTNtHFPSCONSGFfnuEm pToKPg/edit

00:38:33 Kimberly Claffy: The sound is .. okay... but the conversation is bewildering. ICANN Org wants to have a meeting with us in Montreal to update information they've already given us that would inform our report?

00:38:42 Jennifer Bryce: Why* the live edits aren't showign

00:39:09 Kimberly Claffy: Jennifer at least mine are "suggestions" so you probably need "show suggestions" mode?

00:44:14 Cheryl Langdon-Orr: Ahh that's better thank you Jennifer :-)

04:03:17 Cheryl Langdon-Orr: ok back up now

04:06:51 Sebastien Bachollet: We don't want the Board to represent us (the full ICANN community) but we want ePDP rep (and it will be maybe the idea between PDP3.0)

04:07:18 Sebastien Bachollet: Sometime Board will be the better choice than creating a new body

04:08:20 Vanda Scartezini: agree with Sebastien in this point.

04:09:53 Sebastien Bachollet: Can I have a 1' for AOB before we go to lunch?

05:48:08 Cheryl Langdon-Orr: Welcome back from our lunch break here in Singapore...

05:48:17 Cheryl Langdon-Orr: we start on Page 78/9

06:10:53 Avri Doria: yes, it came from CCWG. using it for the temp spec was how GNDSO reacted to decision on temp spec
