# Implementation of Accepted

- Thorough Analysis by ICANN ORG
- Timelines
- Dependencies

# Rec 1. Data

- Perhaps over complicated implementation
- Reasonable timeline
- Support from ALAC

# Rec 17. Publish Reseller Data

- New field in 2017
- Now voluntary
- ALAC would prefer required

# Rec 21. Granular Compliance Data

- Compliance has done a bunch
- Open question about gTLD involved – ICANN ORG to study
- ALAC supports reporting on this field

# Rec 22 Sensitive Strings

- ICANN ORG committed to engagement
- Remains to be seen how it turns out
- ALAC to be cautiously optimistic but vigilant

# Recs 30-31. Underserved Regions

- Really a SubPro issue
- Need to continue to follow

# Next steps

- Comment on implementation
- ADVISE on DNS Abuse issue
