05:34:46 From Sebastien Bachollet : I have already do so

05:35:09 From Cheryl Langdon-Orr : Pervect from my POV for doing those times/dates anyway

05:36:06 From Cheryl Langdon-Orr : Excelent Jennifer

05:36:27 From León Sánchez : hello everyone. my apologies for being late

05:36:36 From Cheryl Langdon-Orr : a Webinar would be open to all groups I thought

05:36:43 From wolfgang : @ Sebastian: In my eyes it is good when we give something to the public for comment where we have not yet a consensus among the members of the group. The final recommendations are subject of negotiations to find a balanced solution taking into account diverse positions.

05:37:10 From Jacques Blanc (RrSG) : Sorry Guys, I have a meeting coming up § Have a nice day all, and have a great Christmas eve if I do not talk to you before. Cheers and Christmas Carols

05:38:47 From Cheryl Langdon-Orr : Thanks Jacques all the Seasonal Best to You and Yours as well

05:39:03 From Sebastien Bachollet : @wolfgang it is not the question of consensus on proposal but agreement on the document we sent to the public

05:39:15 From Cheryl Langdon-Orr : We can put together a standard slide deck SURE
