

Anne Marie Joly Bachollet

I am E-senior member's, an EURALO ALS, in charge of liaising with ICANN (At-Large, Euralo...) and AFNIC (.fr).

I am also developing new activities for E-senior in Burgundy.

I am more focused on outreach and engagement activities and I am Euralo rep in AASC (ALAC Subcommittee on Appointee Selection).

As Human Resources professional my skills can be taken into account in my future engagement for At-Large and Euralo.

After ATLAS III, I have enhanced my knowledge about ICANN structures and processes, and I am happy to accept Natalia's nomination to become Euralo board member as I think it is a good time for me to be more involved within Euralo. I hope that you will take into account some gender balance in your choice.

Thanks

Yours

AMJB
