

00:15:38 Nathalie Peregrine: Carlton has joined the call.  
00:15:57 Carlton Samuels: Thank you Julf. Good morning all  
00:16:13 Jothan Frakes: congratulations Julf  
00:16:36 Marie Pattullo: Yes - makes sense.  
00:16:42 Sophie Hey: makes sense  
00:16:49 Carlton Samuels: Yes all good  
00:16:49 Nathalie Peregrine: Philippe has joined the cal  
00:17:22 Jothan Frakes: we ended up skewed w male candidates  
00:18:20 Sophie Hey: maybe its something we focus on for 2021 call for mentors?  
00:18:25 Jothan Frakes: I factored this into my voting  
00:19:06 Jothan Frakes: I support AMR  
00:19:57 Jothan Frakes: and Tom  
00:20:04 Marie Pattullo: He knows ICANN, he's got languages & he's not a NA white guy (with apologies to all NA white guys). That said, I do agree with Sophie re business focus.  
00:20:22 Rafik Dammak: Amr is former fellow himself so he knows the challenges for fellows  
00:20:35 Sophie Hey: Agree with that concern Marie  
00:20:40 Jothan Frakes: between the two of them, Amr had some secondary vote scores which were higher than Tom's  
00:20:42 Carlton Samuels: I will support AMR  
00:22:59 Sophie Hey: Rafik my preference for Tom over Amr is that he comes from the domain name industry itself  
00:23:20 Sophie Hey: I'm not against Amr  
00:23:25 Jothan Frakes: good comments Rafik - I based my voting not upon commercial or non/commercial  
00:23:49 Jothan Frakes: but upon qualifications as presented within the candidate submissions  
00:24:17 Jothan Frakes: I hear no opposition  
00:24:33 Emily Barabas: We can also follow up on the mailing list  
00:24:33 Jothan Frakes: I second your declaration  
00:24:38 Marie Pattullo: How efficient are we?!  
00:24:42 Emily Barabas: for those who were unable to attend the call  
00:24:45 Carlton Samuels: Excellent! Seconded  
00:24:47 Jothan Frakes: philippe's hand is up  
00:24:54 Jothan Frakes: er Emily's  
00:25:07 Philippe Fouquart: sorry that was too late  
00:25:16 Philippe Fouquart: and only a clarification from my side  
00:26:32 Philippe Fouquart: reading Amr's records, I was looking for past icann meeting participation  
00:26:45 Philippe Fouquart: but if people are happy, otherwise, I'm happy too  
00:26:48 Carlton Samuels: Question: Is this decision quorate?  
00:26:56 Emily Barabas: :)  
00:26:57 Jothan Frakes: what Emily is suggesting sounds wise  
00:27:12 Emily Barabas: Perhaps give everyone to EOD Friday?

00:27:22 Emily Barabas: The motion deadline is 13 Jan  
00:27:53 Marie Pattullo: He's been around forever, Philippe - used to be a councillor too.  
00:27:57 Emily Barabas: Otherwise we can do a placeholder motion, hold a second meeting if necessary, and then submit the name if finalized  
00:28:05 Marie Pattullo: \*Philippe - sorry!  
00:28:06 Emily Barabas: I can speak to that  
00:28:46 Philippe Fouquart: @Marie. Sure, I'm aware, but all F2Fs?  
00:29:24 Philippe Fouquart: there only references to F2F meetings with mentorship  
00:29:28 Carlton Samuels: Lost audio  
00:29:54 Marie Pattullo: I've seen him at many if that helps.  
00:30:10 Carlton Samuels: Thank you for the explanation Emily.  
00:30:12 Nathalie Peregrine: @carlton, can we dial out to you? If so please pm me your number  
00:30:46 Philippe Fouquart: @Marie thanks, so did I, I was just looking for metrics :)  
But not a big deal anyway.  
00:30:53 Philippe Fouquart: Thanks Marie  
00:31:23 Marie Pattullo: Ah. I didn't take metric notes :-).  
00:31:37 Philippe Fouquart: ;)  
00:31:37 Rafik Dammak: @phillipe metrics strike again :)  
00:31:41 Marie Pattullo: Do we actually need a meeting next week?  
00:31:58 Marie Pattullo: Thanks!  
00:32:14 Philippe Fouquart: @Rafik, :) yeeeees sorry about that....  
00:32:15 Jothan Frakes: no AOB from me  
00:32:21 Philippe Fouquart: no AOB
