  Executive Summary TBD
  For discussion ([AI from last week](#)): Empowered Community's role in ISOC/PIR Issue

- [ALAC Advice to ICANN Board on DNS Abuse](#) (submitted to the ICANN Board on 24 December 2019)
  Background
  Prior to ICANN66, At-Large and other community groups within ICANN identified the issue, released several reports on the topic of DNS Abuse. In advance of ICANN66, At-Large Consolidated Policy Working Group (CPWG) led by Co-Chairs Jonathan Zuck and Olivier Crépin-Leblond discussed recent DNS Abuse research and how DNS Abuse impacts the Internet end user community, including the erosion of trust and security. During ICANN66, At-Large organized a policy session on "DNS Abuse – End User Concerns", with a panel presentation. Jonathan Zuck and Joanna Kulesza, ALAC Member, moderated the session and summarized how At-Large can enhance Internet end user protection against DNS Abuse. The ALAC drafted ALAC Advice on the topic during ICANN66, and finalized the draft in subsequent CPWG meetings. The ALAC Advice on DNS Abuse was submitted to the ICANN Board on 24 December 2019.<
  ALAC Advice
  The ALAC made a series of (8) recommendations to the ICANN Board. The ALAC emphasized that community dialogue cannot delay or defer ICANN's commitments or operations related to DNS Abuse. Their recommendations speak to the insufficiency of the status quo, and stressed their recommendations that no new round will be approved without substantial changes in the area of DNS Abuse.
