

I graciously accept this nomination for Chair, and I hope my strength and commitment to the region are a testament to my faithfulness and ability in helping move NARALO forward.

In the past two years we have been focused in engagement, education and policy awareness and contributions. We have had many achievements, among which are the first North American School of Internet Governance (NASIG 2018) held in in Puerto Rico, followed by another one in Quebec in 2019.

We have also able to use most of our time during our monthly meeting on educating our membership in ICANN current issues. In the past two years we had 24 monthly meetings, 7 snippet webinars, celebrated NARALO's 10th anniversary and increased our membership by 15% (at a rate of 7% a year).

Looking forward, I propose that we focus in four major areas:

[1] **Policy:** Establish a working framework to increase regional participation in policy development through policy discussions in NARALO and participation in the Consolidated Policy Working Group (CPWG) and others spaces as necessary , [2] **Outreach & Engagement:** Advance our O&E strategic plans and support the 2021 and 2022 North American Schools of Internet Governance (NASIG 2021 &NASIG 2022), [3] **Education:** Continue to provide snippet webinars to maintain the region informed of issues and policies related that affect the stability and security of the global Internet's systems of unique identifiers and coordinate NASIG 2021 & 2022 [4]**Membership:** Coordinate the 2021 NARALO General Assembly. Maintain and/or increase our membership roll by a rate of 7% increase.

I look ahead to the contributions to the end-user community and beyond that together will make through NARALO.

Eduardo Diaz
