

# Guideline: Miscellaneous

Version: 1

Date of adoption by the ccNSO Council: DD/MM/YYYY

## 1 Introduction

There are some provisions that are the same for all ccNSO Guidelines. Instead of repeating them in every Guideline, it is more practical to have them all in one document. It would help to keep track on all those provisions and make it easier to update and/or change them should such a need arises.

## 2 Purpose of this Guideline

The purpose of this guideline is to collect provisions that are the same for all ccNSO Guidelines. Each Guideline shall have a reference to this Guideline.

## 3 Operating Procedures of the ccNSO

All Guidelines are part of the operating procedures of the ccNSO in accordance with Section 10.3(k) and Section 10.4(b) of the ICANN Bylaws.

## 4 Omission in or Unreasonable Impact of a Guideline

If a Guideline does not provide adequate guidance for conducting the business of the ccNSO then the ccNSO Council or, if time does not permit Council action, the Chair of the ccNSO Council will decide. The decision must be consistent with the spirit and reason of the particular Guideline.

## 5 Publication and Review of ccNSO Guidelines

All Guidelines will be published as part of the operating procedures of the ccNSO after adoption by the ccNSO Council.

Guidelines will be reviewed every two years starting after adoption, or adjusted when considered necessary. To become effective, the updated Guideline must be adopted by the ccNSO Council and published on the ccNSO website.

Before publishing the updated Guideline, the ccNSO Secretariat will adjust the version number and insert the date the Guideline was reviewed and adopted by the ccNSO Council.
