New gTLD Subsequent Procedures PDP

- Up to recently, CPWG Small Team has been focused on **anticipating** recommendations
- SubPro PDP WG has progressed to better framing of its draft Final Report
  - ❑ *a. Affirmations / Affirmations with modifications / Recommendations / Implementation Guidance*
  - ❑ *b. Deliberations & rationales*
  - ❑ *c. New issues raised in deliberations*
  - ❑ *d. Dependencies*
- As at 25 March,
  - ❑ Draft SubPro Final Report due to be published on 23 July 2020
  - ❑ Public Comment period: 23 July to 1 September 2020

- That gives At-Large just under 5 months to do:
  - ❖ Develop positions or build consensus
  - ❖ Draft and submit an ALAC Statement to the PC process
  - ❖ Concurrently draft Advice to the Board, *where necessary*

New gTLD Subsequent Procedures PDP

Series of CPWG presentations and Single Issue Calls

- Focus to remain on High Priority & Medium Priority topics for At-Large
- **Presentations during CPWG Calls** to:
  - ❖ Tackle more straight-forward topics, esp. those exhibiting low divergence from current ALAC positions
  - ❖ Build on existing or to-be-developed draft Scorecards
  - ❖ **Focus on consensus building**
  - ❖ Address 1-2 outstanding issues, new issues etc, *if any*
  - ❖ Expected outcome: (1) **Settling of Scorecard**, including summary of positions; and (2) **identifying points for Advice to Board** *if any*
- **CPWG Single Issue Calls** to:
  - ❖ **Tackle more complicated and/or related topics and esp. those exhibiting significant divergence from current ALAC positions**
  - ❖ May build on existing draft Scorecard or existing Advice, *where feasible*
  - ❖ **Focus on position development**
  - ❖ Address many outstanding issues, new issues etc, *if any*
  - ❖ Expected goal: **action leading to** (1) **Settling of Scorecard**; and (2) **identifying points for Advice to Board** *if any*
