

# EURALO NEWSLETTER

May-June 2024

Dear EURALO members,

we had a fruitful period of EURALO life - we actively participated in the preparation and holding of the ICANN80 forum. Links to all sessions (as well as reports) can be found on the wiki page <https://community.icann.org/display/atlarge/ICANN80++June+2024%3A+Policy+Forum>

Elections were held in Euralo In May 24:

1. We chose an ALAC representative (about the NomCom choice for the ALAC representative from European region we will be known in the Autumn). We welcome **Emilia Zalewska-Czajczyńska!**

2. We meet and congratulate ALAC Voting Delegates to theNomCom (from EURALO) - **Anne-Marie Joly Bachollet!**

<https://community.icann.org/display/atlarge/2024+ALAC+and+RALO+Elections%2C+Selections+and+Appointments>

**Congratulations and wish force and energy in your work ladies!**

We work in the [ICANN Continuous Improvement Program](#) and have assembled a EURALO CIP working group for giving the community feedback.

We have resumed work on the operational rules and will work on updating the [EURALO ROP](#).

Euralo has approved an [Outreach plan for FY25](#), according it we will do community outreach, engagement and mobilization actions.

The EURALO participation in EuroDIG 2024 was large-scale (you will see the few reports below on the Newsletter pages).

We have an intention to update EURALO [MoU agreements](#) with **RIPE NCC** and the **Centr** to improve the effectiveness of our partnership opportunities.

EURALO is growing!

We already have **31 ALS and 95 Individual members!**

That is why..

That is a great time to come back to active work on the expertise base of Euralo members and we thank Yrjo Lansipuro for this effort.

We are thinking together about the topics for EURALO Round Tables, which can be not only discussions on Internet governance issues, but also Capacity Building events.

We are also glad that **ICANN83** will be held in our region in June 2025!

You know the best way to find out the news of EURALO, exchange updates and opinions, and understand what kind of roadmap we are adopting for moving forward is to participate in open monthly meetings of Euralo.

The last one took place [on 9 July 2024](#)

Please join us for the next EURALO monthly meeting!

Q  
3

At the end of **ICANN80**, which was an excellent meeting in beautiful Africa, EURALO Chair Sébastien Bachollet invited to our traditional ReadOut representatives from different ICANN SO/AC to share the summari and the focus of attention. Turned out to be a very lively and interesting read out, you will find the recording here. <https://community.icann.org/x/JgCHF>

### TRUSTED INTERNET SUMMER SCHOOL ON INTERNET GOVERNANCE AND INTERNATIONAL LAW

We have some great news from Dr. Joanna Kulesza is an assistant professor of international law at the Faculty of Law and Administration, University of Lodz, Poland:

the Łódź CyberHub AS is hosted its inaugural summer school on internet governance and international law.

<https://www.cyber.uni.lodz.pl/en/ssigil>

This week-long event (July 8-12, 2024) was a collaborative endeavor with the Global Internet Governance Academic Network hosted by the University of Lodz at the Faculty of Law and Administration premises, as part of a research project supported by the Internet Society Foundation.

Our inaugural edition focuses on the theme "Satellite Internet: Trust and Data Governance", as part of an ISOC Foundation project under the same name.

**Nordic Domain Days 2024**

<https://nordicdomaindays.com/news/nordic-domain-days-2024-is-over>

is the nordic domain industry event, was held in Stockholm, in May 2024.

Published By Polina Malaja

Polina Malaja is the Policy Director at CENTR, leading its policy work and liaising with governments, institutions and other organisations in the internet ecosystem.

The domain industry event focusing specifically on the Baltic region – **Baltic Domain Days 2024** (BDD) was a part of the EuroDIG event. We are happy to provide the article with outcomes by Polina Malaya

<https://www.centr.org/news/blog/baltic-domain-days-2024-how-to-keep-domain-space-safe-and-open.html>

From May 28th to May 31st, the CENTR Community gathered in Copenhagen, Denmark, for its 13th [Jamboree](#).

EuroDIG 2024 – **Balancing innovation and regulation** took place from June 17–19 in Vilnius, Lithuania.

<https://www.eurodig.org/get-involved/>

**We thank our EURALO members  
for EuroDIG summaries:**

**Sebasien Bachollet, EURALO Chair:**

EuroDIG 2024 – **Balancing  
innovation and regulation** took  
place from June 17–19 in Vilnius,  
Lithuania.

Some EURALO members participated, spoke, exchanged during those 3 days. On different topics as speaker, from the audience. And during the breaks and the social events. All of us contacted some possible new members. We will see in the next few weeks how many will finalize an application. (We need to find a way, when we meet someone interested, to have an immediate application).

I was also able to relaunch relationship with the organizations who signed an MOU with EURALO.

We agree with Polina Malaja, Policy Director at Centri, to evaluate the possible new way of cooperation.

I had a meeting with Alena Muravska, Programme Manager/MSc Public Affairs at RIPE NCC. She is the new liaison with EURALO. We agree to relaunch the coordination between our organization and if need revised our MOU.

**We thank our EURALO members for EuroDIG summaries:**

**Emilia Zalewska-Czajczyńska**  
**Senior Specialist for Strategic Analysis in Cybersecurity**  
**EURALO member, ALAC member:**

This year, EuroDIG 2024 was an opportunity to discuss topics such as European policies and strategies related to human rights, cyber resilience and messenger interoperability, GovTech and AI. For me it has been a busy time – I took an active role in 2 sessions.

In the first one, panel 'One for all, all for one: the role of cooperation in enhancing cyber resilience in Europe' I was a Focal Point and a moderator. It featured Jacek Oko (Office of Electronic Communications), Nataliya Tkachuk (National Security and Defence Council of Ukraine), Matthias Hudobnik (ICANN, Security and Stability Advisory Committee) and Dina Lurje (Nord Security) as panelists. We discussed various aspects of cooperation on cross-sectoral and cross-border level, including examples of best practices and relevant legislation. Some speakers highlighted the need for efficient implementation of regulations to achieve an appropriate level of regulatory harmonisation in EU Member States. Another key topic mentioned by panelists and audience was importance of cooperation in times of war and for effective cybercrime tackling

. Part of the discussion was also dedicated to the role of standards and accessibility of cybersecurity measures and training for people with different needs.

Together with my colleague from NASK PIB, Piotr Słowiński, we organised also a second session entitled "Digital skills for the jobs of today and tomorrow - join the debate". As part of it, with expert Wout de Natris (Dynamic Coalition IS3C), we invited the audience to discuss how to prepare young people for the demands of today's job market in cybersecurity and how higher education systems can be adapted to better meet today's realities. The topic resonated with the audience – several participants shared their comments and own examples of experiences. We take it as a sign that it is worth continuing the debate on this topic in the future.

A lot of other interesting discussions happened at EuroDIG. One that particularly caught my attention was related to the opportunities and risks connected with detecting harmful or illegal content, such as CSAM (Children Sexual Abuse Material) using AI. Even though, after all, I still believe there are more questions than answers in this area, it was a good opportunity to listen to different, sometimes opposite, points of view.

I was also very pleased to have had the opportunity to meet and chat with so many EURALO/ICANN/RIPE NCC people. These interactions were definitely one of the biggest highlights of my participation in the event

We thank our EURALO members for EuroDIG summaries:

**Natálie Terčová, EURALO member, M.A. & M.A. is a specialist at the Interdisciplinary Research Team on Internet and Society (IRTIS) and a Ph.D. student of Media Studies at the Faculty of Social Studies, Masaryk University.**

The European Dialogue on Internet Governance (EuroDIG) 2024, themed "Balancing Innovation and Regulation," took place from June 17-19 in Vilnius, Lithuania. Hosted by the Communications Regulatory Authority of Lithuania (RRT), this year's EuroDIG joined forces with the Baltic Domain Days 2024, which took place at the same location and time, creating a comprehensive platform for discussions on internet governance and related topics.

EURALO was represented by a few members who actively participated in the event's discussions and sessions. Their contributions highlighted the importance of multi-stakeholder engagement and the need for balanced approaches to internet governance.

Natálie Terčová spoke at the NRI Assembly, addressing key issues in three segments: establishing new National and Regional IGFs, engaging governments, and discussing the role and future of NRIs in the IGF ecosystem. Reflecting on her experience as the IGF Czechia Chair, Natálie remarked: *"Engaging with fellow NRI leaders was incredibly insightful as we shared common challenges and strategies for overcoming them. I deeply appreciate the EuroDIG organizers for providing us with the platform to emphasize the critical role of IGFs in the broader internet governance dialogue."*

Emilia Zalewska-Czajczyńska played a pivotal role as a focal point, coordinating the session titled "One for all, all for one: the role of cooperation in enhancing cyber resilience in Europe." This session emphasized the critical need for cooperation to bolster cyber resilience across Europe.

We kindly ask you to use the At-Large calendar <http://www.atlarge.icann.org/calendar> shows the schedule **all of the At-Large meetings and teleconferences.**

These include meetings and teleconferences by:

**If you don't know how to join the At-Large Community** as an individual, there are three ways for you to become an official member:

### **1. Become a member of an accredited At-Large Structure (ALS)**

If you are a member of an accredited ALS, you are automatically a member of the At-Large Community. To find an accredited ALS in your area, search <https://atlarge.icann.org/alses>

Already a member? Want to engage in At-Large activities? Contact the representative of your ALS or [staff@atlarge.icann.org](mailto:staff@atlarge.icann.org)  
To become a new member of an ALS, please contact the ALS and follow its specific application procedure.

### **2. Accredit your organization as a new At-Large Structure (ALS)**

Apply to accredit your own organization as an ALS, and all the members in your organization will become members of the At-Large community. ALS application is free, easy, and done via the web <https://atlarge.icann.org/get-involved/about-als>

### **3. Become an individual member**

You may become an individual member of the At-Large Community without affiliation with an ALS. Individual membership is only accepted in certain regions. Read more > <https://atlarge.icann.org/get-involved/individual-member>
