

# EURALO NEWSLETTER

July – August 2023

**Dear EURALO and At-Large, ICANN community members,  
We hope you are enjoying your summertime.**

July and part of August 2023 were filled with interesting events for EURALO.

The EURALO Outreach and Engagement Strategic Plan for the FY24 was approved. There is our roadmap, but we are not restricted to implement more activities.

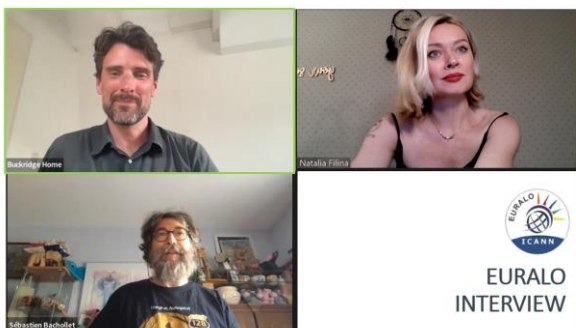

EURALO event

Cross RALO Roundtable **25th ICANN Anniversary**

18 September 2023

Chair of EURALO Sebastien Bachollet (in collaboration with community leaders) is working on Cross RALO Roundtable: 25th ICANN Anniversary. The virtual event will be held on 18 September 2023 (14:00 - 16:00 UTC), we encourage you and broader community to participate.

**Two At-Large cross RALO meetings** (leading by EURALO) were held, which help us to work together and exchange news and discuss current At-Large tasks.

We had our first EURALO interview with Chris Buckridge.

**Chris Buckridge** is an independent Internet governance expert, a member of the UN Internet Governance Forum Multistakeholder Advisory Group (MAG), and the Co-Chair

of the MAG Working Group on IGF Strengthening and Strategy, He was an employee of the RIPE NCC. It was a great conversation, we thank Chris!

**#EURALOinterview** is a new project. The idea is to invite and interview the most impressive ICANN and Internet Governance communities experts.

EURALO community is **growing** - we are very glad to receive applications from new individual members and ALSes while we also note the outflow of participation - several structures are undergoing the **decertification** procedure.

EURALO is representative, but we look forward to meet new partners, members, structures and we are working on it. Evolution of EURALO supported by members's and ALS's activities, we are happy to provide the information and reports about it.

Chair of EURALO Sebastien Bachollet took part as a RALO coordinator virtually at

There was also a recorded address by Paul Scully (DSIT Minister) on the importance of the overall IGF process and the transformative effect that multi-stakeholder dialogue has had globally”.
