At-Large Consolidated Policy Working Group (CPWG) Call

Wednesday, 08 April 2020

13:00 UTC

- [Draft Proposal for NextGen@ICANN Program Improvements](#)

The ALAC suggested several significant recommendations to the NextGen@ICANN Program, to the benefit of the community by opening the program and ensuring a welcoming environment to all NextGenners, including first time participants. The ALAC's recommendations would ensure that participants are selected with a stronger focus on their work and can then attend more than one meeting to engage with the community and find their “policy home”. As a part of its recommendations, the ALAC stated that At-Large would welcome a more active participation of NextGenners in its community.

- [Name Collision Analysis Project \(NCAP\) Study 1](#)

The ALAC acknowledged the report as a useful primer on the subject of Name Collisions. The ALAC noted that they look forward to further deliberation by the relevant groups and their onward action with respect to the third goal of Study 1, which is to determine if the NCAP Project will proceed onto a Study 2.
