Adrian Schmidt

Issue: Funded volunteers traveling to ICANN mtgs without travel insurance

- Many travelers rely on credit card insurances when traveling

ICANN travel guidelines make it almost impossible to use personal credit cards to book ICANN travel

How might this be addressed?

1. Survey NARALO members to determine how many have ever traveled as funded volunteers without travel insurance – esp. medical
2. Invite other RALOs to administer the survey
3. Report results to At Large and discuss remedies
3. Invite other volunteer driven SOs/ACs to administer the survey
3. compile the findings and report
4. Discuss possible remedies as larger group
