09:17:44   From Steve Conte : Wasn't 29.4 removed previously? That will be extremely difficult for ICANN's DPO to be responsible for external PII

09:23:23   From Brenda Brewer : 29.4. In addition, ICANN org's DPO should also be responsible for external DNS PII. The DPO should provide guidance to managers and stakeholders regarding responsibilities and procedures and monitor and report on relevant technical developments.
