The image shows a screenshot of four tweets from the user @rcitterio, posted on October 14. Each tweet features a circular profile picture of a person with a green and black background. The tweets are in Spanish and discuss the importance of cyber security and DNS abuse education in the LAC region. The first tweet is in English, while the others are in Spanish. Each tweet includes a heart icon with the number '2' and a share icon.

#ICANN69 #ALAC69 #LACRALO #AskAtLarge #idea I propose to create a kind of cyber security ambassadors for each region to address the different approaches to the dns abuse issue to educate the end users.

**rcitterio** @rcitterio · Oct 14  
#ICANN69 #ALAC69 #LACRALO #AskAtLarge in the LAC region given the digital breach may be a determining factor in how to educate the end user on the issue of dns abuse, so addressing this requires a technical and social legal approach.

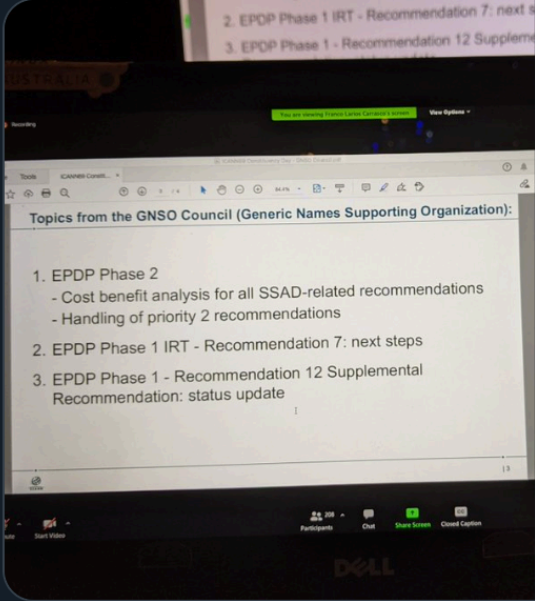

**rcitterio** @rcitterio · Oct 14  
#ICANN69 #ALAC69 #LACRALO #AskAtLarge en la región LAC dado a la brecha digital puede ser un factor determinante en como educar al usuario final en el tema del abuso del dns, asi que el abordaje de esto requerie un enfoque desde lo legal tecnico y social.
