

EXPRESSION OF INTEREST - LACRALO Representative on the At Large Advisory
Committee (ALAC)
Obed Sindy, Chair
Internet Society Haiti Chapter (ISOC-Haiti)

Dear Colleagues,

It is a great privilege to be self nominated as LACRALO Representative on the At Large Advisory Committee (ALAC) for the term 2020-2022, and I am looking forward to serve this community where users are at the center of discussions.

I was selected several times as ICANN Fellows and I want to continue to serve the greatest number because the work of ICANN is necessary for the internet of today and tomorrow without us the vision is nothing and I want to be at the heart of this community which sacrifices itself for a safe tomorrow as regards Internet Governance.

I am TOYP (Ten Outstanding Young Persons) Awardee 2019 by International Young Chamber, former Social Media Volunteer at University of the People, Member of Just Net Coalition, NPOC ICANN and Former ALISON Ambassador in Haiti, a global platform that is called pioneer in access to free training anywhere in the world. I have developed a tutoring program to support young people in Haiti who have difficulty completing online courses for their professional future. I have also worked as editor for Haiti Tech News, a first tech magazine in Haiti.

Youth IGF Fellows 2017 of the Internet Society, I am a Co-Founder of Digital Grassroots, President of the Internet Society Haiti Chapter, a certified expert Moderator in Internet governance, speaker on e-learning and Internet Governance. With ISOC Haiti Chapter board members i organized the first National Forum on Internet Governance in Haiti with more than 300 attendees in September 2018 and more than 400 attendees in 2019 with local and international partners and have been a mentor several times for Digital Grassroots wishing to engage young people around the world in Internet governance.

Certified in parliamentarism at Laval University, Certified in technopedagogy at the University of Montreal, in Information and Communication Technology for Education at the University Cergy Pontoise, in Digital Learning of United Nations University, learn and teach at the University of Mons and Internet Governance of the Internet Society. I hold a Bachelor of Science in Education from the Adventist University of Haiti and I am a Master Candidate in Public Communication. I have also some professional certifications in: Content marketing, Social Media Marketing, IBM Customer Engagement Specialist.

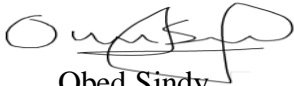

I advocate for Internet access for all and Education to digital citizenship in Haiti because he believes that society will never be as before. I have participated in panels all over the world on internet governance topics. I am also leading projects on Capacity building in IoT, Community Networks with ISOC Haiti.

EXPRESSION OF INTEREST - LACRALO Representative on the At Large Advisory
Committee (ALAC)
Obéd Sindy, Chair
Internet Society Haiti Chapter (ISOC-Haiti)

End users are sometimes represented by technicians but with no technical skills I am an end user who wants to defend my rights which is also the rights of all end users. Haiti must be better represented in the Caribbean not only for our large population but for an inclusive future that truly takes into account the reality of each country, language and culture.

I think that my career, my activities and my geographical position can help AtLarge ALAC to shine even more in the region.

Best regards,

Obéd Sindy
