

I believe I am a suitable candidate as member of ALAC for these reasons:

- I should be made available for leadership.
- My ALS considers that I have the capacity and knowledge to be an ALAC Member.
- It is a real challenge, and our small country deserves to have a representative for our Region.
- I have the time and the will to actively participate, thus contributing to improve the general participation that is necessary.

I would like to use my knowledge for the benefit of the region.
