Activities and Achievements

- NARALO General Assembly 2021 pre-planning
- NARALO Hot Topic Survey lead by Bill Jouris
- Monthly special presentations based on Hot Topics
- NARALO Newsletter

2019/2020 Monthly Attendance

Records

Attendance @ 14 meetings had 237 attendees or average 17 members

Average ALS Attendance

12 ALS organizations

Highest number 21

Lowest number 6

2020 CROP Trips

All CROP trips as detailed in the CROP Strategic plans have been put on hold

All these regions are identified as geographical gaps in the CROP Strategic Plan will need to be addressed post Covid 19 Pandemic in 2021 or 2022

Major outreach North American School of Internet Governance in Washington-Cancelled

We expect that 2021 will be similar to 2020 in terms of limited travel

Our focus is Engagement

Special Women Networking Session at ARIN (Yubelkys on right side of Ron Dasilva ICANN Board member)

Engagement Strategy

Due to the limits on travel we have focused on engaging the existing membership in capacity building

We polled our membership in the early spring and determined the topic issues they were interested in learning more about

The topics that were that had the highest ratings were selected and we ask for volunteers to lead a webinar on the topics

Each monthly meeting focuses on one of the topics

All normal reports are relegated to the Monthly newsletter

- Internet governance – 14 people
- DNS Abuse – 11 people
- Transparency and Accountability – 9 people
- Multistakeholderism – 8 people
- Cybersecurity – 8 people
