ALS Mobilization WG Draft Report

Suggested activities

ALSes may be encouraged to survey their members (not just ALS representatives) and provide lists of “areas of expertise” on which ALAC or RALO could request input or assistance. At-Large should set a “standard” survey format to ensure results are comparable and readily combined into a single database.

Suggested activities

Participation in Internet Governance (multistakeholder) activities is often complementary with involvement with ICANN and At-Large. ALSes may wish to consider whether such involvement makes sense for them.
